

Pallet and Shipping Configurations

We understand that pallet sizes vary across different parts of the World. Varying pallet sizes will also determine the different quantity of pallets that can fit into 20-foot and 40-foot shipping containers.

For your convenience, we are providing you with the information below on the types and sizes of pallets, and their configuration in a 20-foot or a 40-foot shipping container.

At ICE, we love helping our customers in finding ways to save shipping costs. If your shipment is less than a full container load (we call it LCL), we can arrange your goods to be securely packed and loaded into a shared container.

For the most cost efficient configurations, including the best pallet and shipping arrangements, please seek advice from our highly experienced professionals on 1300 227 461.

Pallet Sizes

Australian Standard Pallets - Only for Storage & Warehousing in Australia

This pallet configuration is only standard by the Australian specifications and cannot be used for export and import. These pallets can be used for storage, warehousing and transporting within Australia.

Dimensions: 1165 x 1165mm

Standard Pallets

These pallets are also called industrial pallets or export pallets. It is the most common size you will find for transporting goods using 20-foot and 40-foot ISO shipping containers.

In a single-level container configuration:

- A 20 Foot Container will fit 10 Standard Pallets
- A 40 Foot Container will fit 21 Standard Pallets

Dimensions: 1165 x 1165mm

10 x Standard Pallets (20 Foot Containers)

21x Standard Pallets (40 Foot Containers)

EUR Pallets

EUR Pallets have a number of variants including EUR 1, EUR 2, EUR 3 and EUR 6 being the most common. These pallets are used in most European Countries, Latin America, United Kingdom, India and New Zealand. EUR Pallets can be used for transporting goods using 20-foot and 40-foot ISO shipping containers.

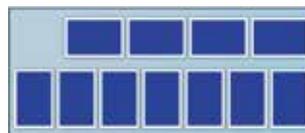

In a single-level container configuration:

- A 20 Foot Container will fit 11 EUR Pallets
- A 40 Foot Container will fit 24 EUR Pallets

Dimensions: 1200 x 800mm

11x EUR Pallets (20 Foot Containers)

24x EUR Pallets (40 Foot Containers)
